12 January 2023

DECLARATION OF RoHS COMPLIANCE

The EU Restriction on Hazardous Substances (RoHS) Directive (2011/65/EU) was recast from Directive 2002/95/EC on July 21, 2011, and member states are required to enforce the restrictions by January 2, 2013. The four phthalates (DEHP, BBP, DBP and DIBP) are to be restricted by Commission Delegated Directive (EU) 2015/863 of 31 March 2015 amending Annex II to Directive 2011/65/EU, and member states are required to enforce the restrictions by July 22, 2019. It seeks to restrict the use of certain hazardous substances in electrical and electronic equipment by setting certain concentration limits for the following substances: lead(Pb), cadmium(Cd), mercury(Hg), hexavalent chromium(Cr6+), polybrominated biphenyls (PBB), polybrominated diphenyl ethers(PBDE), Di-(2-ehylhexyl) phthalate (DEHP), Di-butyl

(PBB), polybrominated diphenyl ethers(PBDE), Di-(2-ehylhexyl) phthalate (DEHP), Di-butyl phthalate (DBP), Benzyl butyl phthalate (BBP), and Di-isobutyl phthalate (DIBP).

Maxwell Technologies, along with its affiliates, vendors and partners, support the RoHS objective of preventing risks to human health and the environment, with a particular focus on workers involved in the management of electronic waste. Accordingly, Maxwell Technologies hereby declares that the products listed in Table 1 below do not contain any of the above mentioned substances in excess of the permitted concentrations.

Table 1

Ι	Section	Rated Voltage (V)	Rated Capacitance (F)	Model Number
	Module	7.5	1.0	BMOD0001 P007 B02
